ECONOMIC AND COMMUNITY DEVELOPMENT CORPORATION

Mary Jane Olhasso

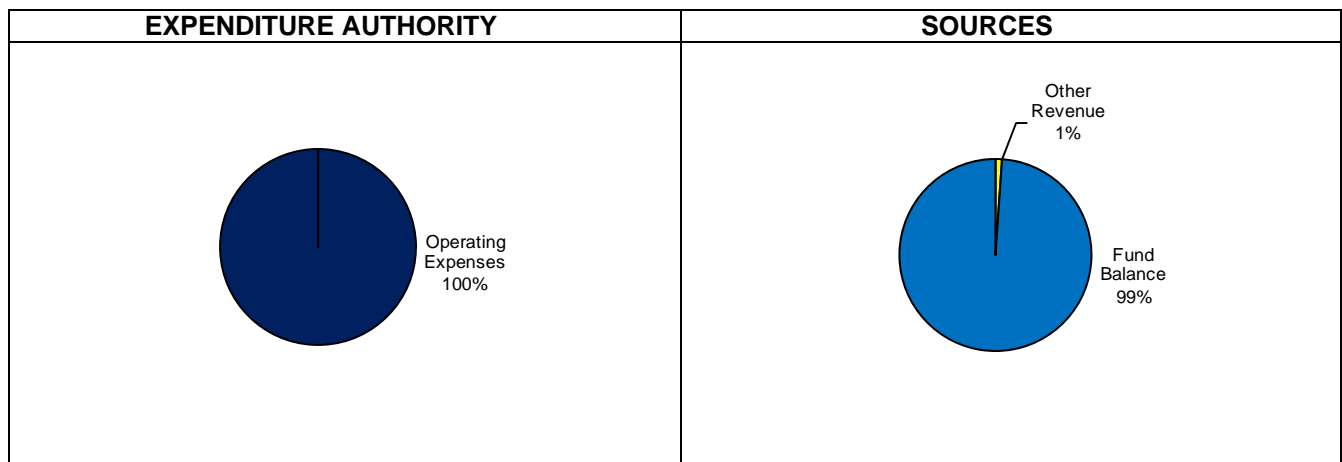

DESCRIPTION OF MAJOR SERVICES

In September 1987, the Board of Supervisors formed the County of San Bernardino Economic and Community Development Corporation to provide additional methods of financing the acquisition of property, for and on behalf of private enterprise, to promote and enhance economic development and increase opportunities for useful employment. The annual Economic and Community Development Corporation budget provides for professional services related to the issuance of bonds, promotion of the financing program and other program related costs. Economic and Community Development Corporation is a function of the Economic Development Agency.

BUDGET CHANGES AND OPERATIONAL IMPACT

Since no bonds are planned to be issued due to low market interest rates, total expenditure authority has decreased to reflect the available fund balance.

COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY (COIDA)

Mary Jane Olhasso

DESCRIPTION OF MAJOR SERVICES

In March 1981, the Board of Supervisors created the San Bernardino County Industrial Development Authority (CoIDA) to issue tax-exempt industrial bonds for the furtherance of economic development and the creation of new jobs within the county. The annual CoIDA budget provides for funding for the cost of professional services related to the issuance of bonds, promotion of the financing program and other program related costs. CoIDA is a function within the Economic Development Agency.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$47,687 represent professional services associated with the issuance of bonds, promotion of the financing program and other related costs.

REDEVELOPMENT AGENCY

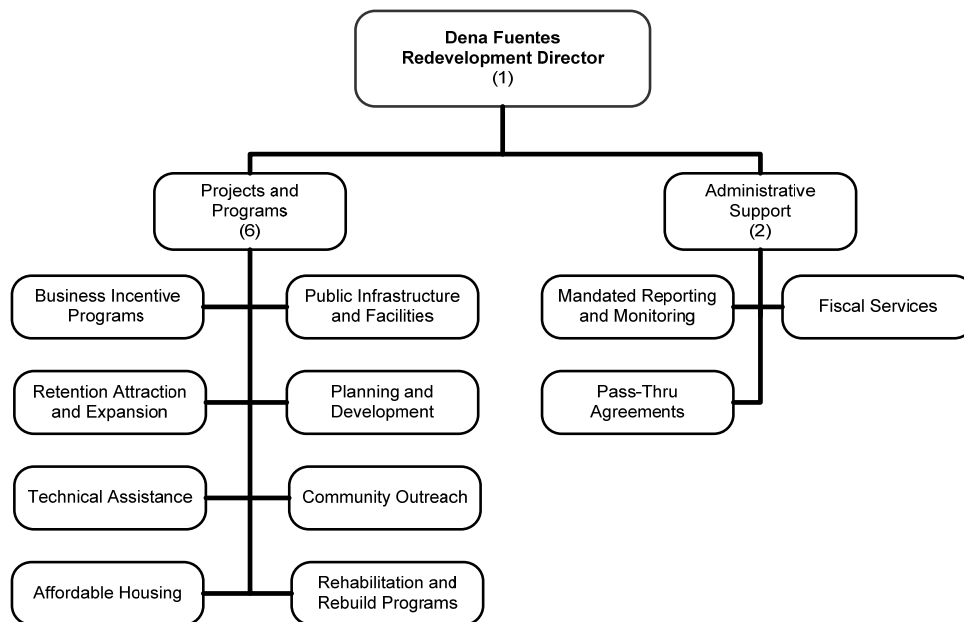

Dena Fuentes

MISSION STATEMENT

The Redevelopment Agency of the County of San Bernardino serves as a catalyst to revitalize communities within established redevelopment project areas by: improving infrastructure, retaining and expanding opportunities for existing businesses, attracting new businesses and private investment, creating new jobs and affordable housing and improving the living conditions of residents. Through coordinated efforts with county departments and other jurisdictions, the Agency implements strategic programs and projects that advance economic opportunities and foster a sense of community pride.

ORGANIZATIONAL CHART

2009-10 AND 2010-11 ACCOMPLISHMENTS

- Funded \$9.5 million for I-10 and Cherry Avenue interchange right of way acquisition project.
- Entered into a \$500,000 pre-development agreement with California Steel Industries Inc. for the planning and development of a 30 acre portion of their existing site.
- Funded \$4 million for Phase II Cedar Glen water distribution and storage improvements.
- Assisted private and public entities in issuing approximately \$15 million in federally subsidized Recovery Zone Bonds.

2011-12 GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: DEVELOP AND IMPLEMENT INCLUSIONARY AND REPLACEMENT HOUSING PROGRAMS AND PROJECTS TO MEET SUCH NEEDS AND TO INCREASE, IMPROVE AND PRESERVE THE REDEVELOPMENT PROJECT AREAS' AFFORDABLE HOUSING STOCK.

Objective: *Implement affordable housing programs in several unincorporated areas to address residential blight and to assist low-and moderate-income households.*

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Actual	2011-12 Target
Number of households assisted in the new affordable housing program.	N/A	N/A	N/A	N/A	40

In 2010-11 the Agency hired an affordable housing consultant to review the affordable housing needs of the San Sevaire Project Area (Project Area) and develop housing programs specifically tailored for the area. The consultant has: (1) reviewed available data to determine the character and make-up of residential properties located in the project area; (2) reviewed financial projections of what funds will be available for housing programs during the next 5 years; (3) identified programs that will produce the highest affordable housing benefits to the project area matched with availability of housing funds; (4) developed draft programs; and, (5) based upon comments and input by staff, is finalizing the programs and drafting all documents for the implementation of the programs, including procedure manuals and regulatory agreements. These programs, once implemented and refined, can be modified and applied in other project areas. The Agency is also working with Community Development and Housing (CDH) to integrate programs where appropriate and expand the current repertoire to include new programs.

Due to the state budget passage and the challenge to redevelopment agencies, the Agency has delayed being able to conduct new activities and delayed the approval and implementation on new programs. It is estimated that the programs will be brought to the Board for review and approval in the Winter 2012 and implemented in Spring 2011-12.

GOAL 2: ASSIST IN THE DEVELOPMENT OF CAPITAL IMPROVEMENTS TO ELIMINATE AND PREVENT THE ACCELERATION OF PHYSICAL BLIGHT AND ENCOURAGE THE BETTER UTILIZATION OF REAL PROPERTY AND NEW PRIVATE ENTERPRISE INVESTMENT.

Objective: Ensure that capital improvement projects are carried out as planned in the work program and the budget

Status

This objective seeks to facilitate the needed infrastructure to promote economic development and improve the quality of life within established redevelopment project areas. Most capital projects are meeting project schedules and budgeted costs. The following describes how the objectives are being met and the current status:

Current projects are nearing completion or under construction:

Speedway Project Area:

- San Bernardino Avenue improvements include road widening, landscaped medians and parkways; sidewalks; turn pockets, two lighted intersections and safety improvements to railroad crossings. The Agency funded \$3.65 million, Prologis funded \$2.4 million and county Public Works funded \$2.2 million for a total project cost of \$8.25 million. The raised medians, sidewalks and road widening components are completed with landscaping and lighted intersection work to be completed by the end of 2011.
- Cherry Avenue is being widened from Merrill Avenue to Foothill Boulevard, that includes bridge widening. The Agency has appropriated \$18.6 million for this project and county Public Works has provided \$1.1 million. The Whittram to Foothill phase of the project will begin construction in 2011 with final completion in 2013. The bridge widening right-of-way acquisition is underway with construction anticipated to begin in 2012.
- The Interstate 10 and Cherry Avenue interchange project includes engineering and design specifications, right-of-way acquisition, and construction. The Agency has funded a large portion of the County share with \$4.2 million for design, \$9.5 million for right-of-way and \$3.7 million for construction. Right-of-way certification occurred in April 2011 with construction anticipated to begin in 2012 and completion in 2014.
- The Valley Boulevard improvements consist of a traffic signal at Banana Avenue and pavement rehabilitation of 2.25 miles. The Agency will fund approximately \$900,000 and the City of Fontana to contribute \$2.1 million of improvements; construction will begin in Fall 2011 and is anticipated to be completed by Spring 2012.
- Continue to implement Graffiti Abatement Program and ongoing Code Enforcement within the San Sevaire Project Area. Also exploring the expansion of both programs in Victor Valley Economic Development Authority (VVEDA) and Inland Valley Development Agency (IVDA).

Current projects are nearing completion or under construction:

Cedar Glen:

- The Agency is funding \$128,000 for the improvements to the intersection at SH-173 and Hook Creek Road. County Public Works is funding the remaining \$148,000. Construction is anticipated to start in Summer 2011 and be completed in Fall 2011.
- The Business District Improvements will be constructed in Summer 2011 by improving the parking area of the commercial district and installing an informational kiosk and bus shelter. Other improvements will be made in future phases in 2012 and 2013.
- The Agency funded \$4.0 million for Phase II of the water distribution and storage improvements. Final construction for Phase II will be completed in Winter 2011.
- The Agency issued bonds in 2010 to fund Phases III and IV of the water distribution and storage improvements which will commence in 2012 and 2014 respectively.

GOAL 3: DEVELOP BUSINESS INCENTIVE PROGRAMS TO RECONSTRUCT, UPGRADE AND EXPAND INDUSTRIAL/COMMERCIAL AREAS IN CONFORMANCE WITH THE GENERAL PLAN (AS AMENDED) AND COMMUNITY PLANS.

Objective: Provide ongoing economic development and workforce development to help businesses find needed employees and assist existing businesses expand with entitlement and business planning consultations.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Actual	2011-12 Target
Number of existing businesses assisted within the Project Areas.	N/A	10	15	20	20

The Agency has assisted a number of businesses with technical and/or financial assistance. Due to the length of time it takes to assist businesses (the entitlement process alone can take between 9-18 months), many of the businesses listed below have been noted in previous Agency Reports; these businesses will more than likely be mentioned in the future reports as projects progress through design and specifications, site clearance/demolition, and construction of improvements. Due to the State budget passage and the challenge to redevelopment agencies, the Agency has delayed being able to conduct new activities and delayed the approval and implementation on new programs.

The following is a list of additional accomplishments related to the goals and objectives.

- Continued marketing of redevelopment project areas at conventions and trade shows such as International Council of Shopping Centers, High Desert Opportunity and other regional trade shows the Economic Development Agency attends.
- Provided technical and/or financial assistance to businesses seeking to locate, relocate and expand in our redevelopment project areas.
- Assisted Inland Kenworth, a logistics company, with egress and ingress planning for its existing site and median improvements along San Bernardino Avenue.
- Assisted Burrtec, a waste management company, with the relocation of an existing truck repair facility and expansion of its Material Recovery Facility located on Napa Street.
- Provided technical assistance to Vista Metals, an aluminum manufacturer, which proposed expansion of existing facility along Whittram and Ilex.
- Assisted California Steel Industries Inc., with the removal of obsolete smokestacks and assisted with pre-development planning for its north 30 acres of the existing site.
- Assisted Advanced Steel Recovery, a scrap metal recycler, in the planning of on-site improvements to screen its operations and provide dust control at its current site.

San Sevaine Project Area

DESCRIPTION OF MAJOR SERVICES

In 1995, the former Kaiser Steel Mill site and other blighted industrial properties in its vicinity were formed to create the San Sevaine Redevelopment Project Area. The San Sevaine Project Area was amended in 2004 and 2005 to add additional territory resulting in a total acreage of 3,426 acres.

San Sevaine Bond Series 2010 A&B was funded in November 2010 with net proceeds of \$30,550,000. Projects to be undertaken with these bond proceeds include assistance in the improvement of public infrastructure (Cherry/I-10 interchange, road construction on Cherry and San Bernardino Avenues); the development of public facilities such as land acquisition, economic incentives for businesses within the project area and attraction of new businesses for the area. Proceeds allocated for housing projects will be used for home rehabilitation programs, land acquisition, infill housing programs and affordable housing development assistance.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1,095,106 fund 9 budgeted positions. This appropriation has a net increase from final budget of 2010-11, reflecting the cost of vacant positions and salary adjustments in 2011-12.

Operating expenses of \$71.9 million include services and supplies, central services, travel, debt service payments, payments to other departments, and transfers and have increased by \$59.8 million. The increase is primarily due to additional debt service payments from tax allocation bonds funded in 2010-11, the reprogramming of funds from contingencies to operating expenses for planned projects, and the requirement to budget total fund balance. Other operating expenses include professional services, various project costs within the project area including transportation projects, business assistance, rehab grants/programs and miscellaneous administrative expenses. The issuance of the above mentioned bonds has increased debt service payments by \$2 million, to a total of \$6.4 million.

Capital expenditures of \$3.6 million include land and improvement costs associated with the Rosemary/Iris Voluntary Sale Program and commercial/industrial land acquisitions. The Rosemary/Iris Voluntary Sale Program has \$200,000 budgeted and \$3.4 million has been budgeted for the housing project land purchases.

Contingencies of \$3,910,839 represent funds held by the Trustee, Bank of New York for the 2005 Series (A) Tax Allocation.

Reimbursements of \$2,886,793 represent housing fund repayment of \$1.85 million, administrative costs of \$900,000 and fifty percent of the Redevelopment Directors salary and benefits from Community Development and Housing. The increase in reimbursements of \$1.3 million is due to the above mention housing repayment.

Operating transfers out of \$7,783,865 generally represent the movement of funds for debt service payments of \$6,756,566 and funds for projects administered by the Public Works Department.

Total sources of \$16,404,366 includes funding from projected tax increment, revenue from interest and operating transfers in of \$6,756,566 due to the required larger debt service payments. The net decrease of \$27,031,926 is the result of the Series 2010 Tax Allocation Bond issued in the prior fiscal year.

Cedar Glen Project Area

DESCRIPTION OF MAJOR SERVICES

In 2004, the Cedar Glen Disaster Recovery Project Area (Cedar Glen), consisting of 837 acres, was adopted to assist with the rebuilding of the community that was destroyed by the 2003 Old Fire.

Initial plan preparation and operating expenses were financed through a \$75,000 loan from the Speedway Project Area and subsequent loans from the county general fund of \$365,000. In addition, in December of 2005, the Board of Supervisors approved a loan of \$10.0 million from the county general fund to Cedar Glen to begin the water and road improvements. The loans will be repaid when the project area generates sufficient tax increment revenues or other financing is available.

Budget at a Glance

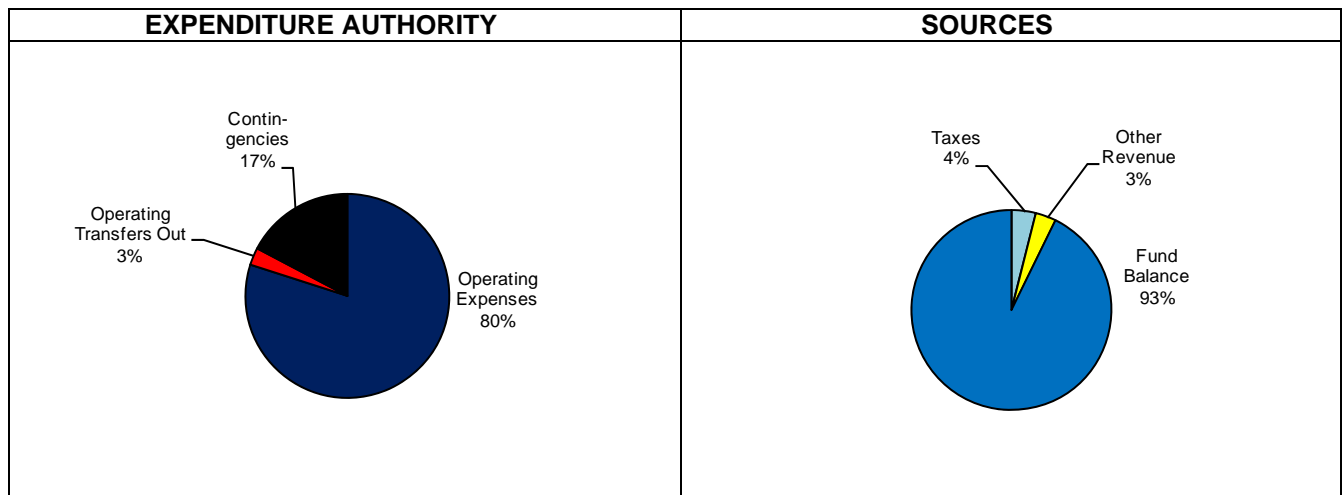

Total Expenditure Authority	\$15,697,118
Total Sources	\$1,139,222
Fund Balance	\$14,557,896
Total Staff	0

Operating funds received for the project area are used to finance capital improvements, particularly water services within the area. Due to the fact that the loan will be repaid by the tax increment generated, County of San Bernardino Redevelopment Agency (CoRDA) set aside 20% of the loan for affordable housing purposes. California Redevelopment Law requires that 20% of the gross tax increment revenues are set aside for the creation, preservation, or improvement of low and moderate-income housing. CoRDA has established housing programs for the use of these funds.

Cedar Glen Bond Series 2010 was funded in November 2010 with net proceeds of \$5,750,000. Projects to be undertaken with these bond proceeds include the water distribution and storage improvements.

There are no budgeted positions assigned to this project area, however, administrative and staffing costs are allocated to this project area based upon time studies.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$12,551,981 include funds set aside for the new debt service payments for the 2010 Series of Tax Allocation Bonds, for future phases of construction of the water system improvements in the project area, to assist in connecting the property owners to the water, for professional services, and for administrative fees to the Redevelopment Agency's San Sevaine Project Area administrative budget unit. The increase of \$11,176,098 represents the water improvement projects funded using bond proceeds issued in 2010-11, county loan proceeds and the reprogramming of funds from contingencies to operating expenses for planned projects.

Contingencies of \$2,715,000 are necessary to comply with the Cedar Glen loan agreement, and the Board of Supervisors must approve all additional projects utilizing the loan funds. Upon approval of additional projects, the funds will be transferred to the appropriate expenditure category for use.

Operating transfers out and operating transfers in represent funds transferred from the operating fund to the debt service fund for debt service payments.

Departmental revenue of \$709,400 includes funding from projected tax increment as well as revenue from interest. The decrease of \$5,236,407 is primarily due to one-time revenue received in 2010-11 related to the receipt of bond proceeds.

Victor Valley Economic Development Authority Project Area

DESCRIPTION OF MAJOR SERVICES

In 1993, the Victor Valley Economic Development Authority (VVEDA), a joint powers authority, was established for the purpose of providing economic development in and around the former George Air Force Base. Five jurisdictions oversee the economic development of the area, which include: the cities of Victorville, Hesperia and Adelanto, the Town of Apple Valley, and the County of San Bernardino. The eighth amendment to the project area increases total acreage to 90,236 acres. The same amendment also increased the unincorporated portion of VVEDA to approximately 22,472 acres. VVEDA is administered by the City of Victorville.

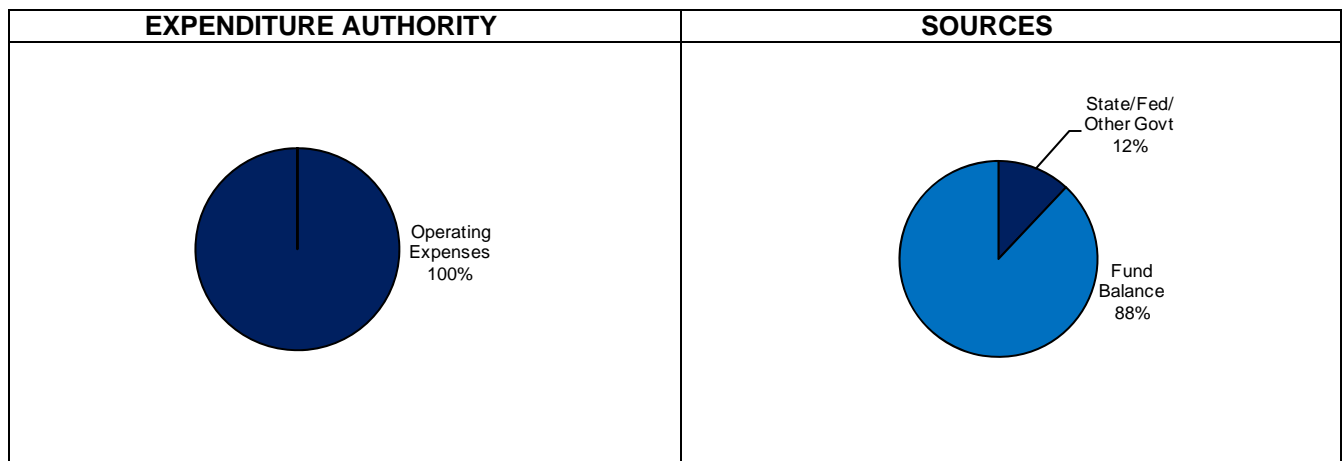

Budget at a Glance

Total Expenditure Authority	\$7,017,227
Total Sources	\$871,300
Fund Balance	\$6,145,927
Total Staff	0

Operating funds received for the project area are used to finance capital improvements and land acquisition. Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations, 20% of the gross tax increment revenues are set aside and used for affordable housing.

There are no budgeted positions assigned to this project area, however, administrative and staffing costs are allocated to this project area based upon time studies.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation of \$7,017,227 represent project expenditures, professional services, payments to other county departments and administrative charges paid to the Redevelopment Agency's San Sevaine Project Area administrative budget unit. Appropriation increased by \$806,000 for currently identified project costs, such as street improvements, rehabilitation grants.

Departmental revenue of \$871,300 consists of tax increment revenue and interest revenue. The decrease in revenue of \$68,400 represents estimated decreases in tax increment revenue distributed through the lead agency and reduced anticipated interest income.

Mission Boulevard Joint Project Area

DESCRIPTION OF MAJOR SERVICES

In 2003, the county approved the Mission Boulevard Joint Redevelopment Project Area (Mission Boulevard) with the City of Montclair. Mission Boulevard totals approximately 404 acres and is administered by the City of Montclair.

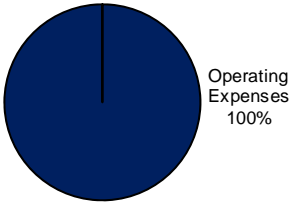

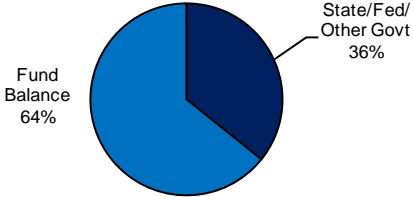

The county's responsibility for the Mission Boulevard Joint Project Area only includes housing set aside funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households.

A \$50,000 loan was received from the county general fund in 2004-05 to cover costs until sufficient tax increment revenue is generated to repay the loan.

There are no budgeted positions assigned to this project area, however, administrative and staffing costs are allocated to this project area based upon time studies.

BUDGET CHANGES AND OPERATION IMPACT

Appropriation of \$263,616 represents funds set aside for future program and administrative costs. Additional projects will be planned to the extent revenue is received. The requirements of new programs will correspond with the lead agency's housing goals and objectives.

Departmental revenue of \$94,800 primarily represents tax increment revenue distributed by the City of Montclair (the lead agency), which is anticipated to increase by \$10,421 in 2011-12.

IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY

Helen Lopez

MISSION STATEMENT

San Bernardino County In-Home Supportive Services Public Authority improves the availability and quality of Homecare in the County of San Bernardino.

ORGANIZATIONAL CHART

2009-10 AND 2010-11 ACCOMPLISHMENTS

- The Criminal Background Investigations Unit processed over 22,000 criminal background reports to comply with the State of California's new In-Home Supportive Services (IHSS) fraud initiative.
- Partnered with the Workforce Investment Board's American Recovery and Reinvestment Act (ARRA) funding to assist over 2100 IHSS providers to pay for fingerprints.
- Answered over 105,000 phone information requests in Paycheck Customer Service.
- Hosted two Caregiver Appreciation Day events in the cities of Victorville and Rialto honoring over 300 homecare providers.
- Increased Registry Provider cadre in the hard to serve county areas of the Mountains (25%) and Needles (20%).

In-Home Support Services Public Authority

DESCRIPTION OF MAJOR SERVICES

The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. Section 12302.25 of the Welfare and Institutions Code (WIC) mandates that each county, on or before January 1, 2003, must act as, or establish, an employer of record for collective bargaining purposes for IHSS care providers. The IHSS Public Authority (PA) was established to comply with this mandate.

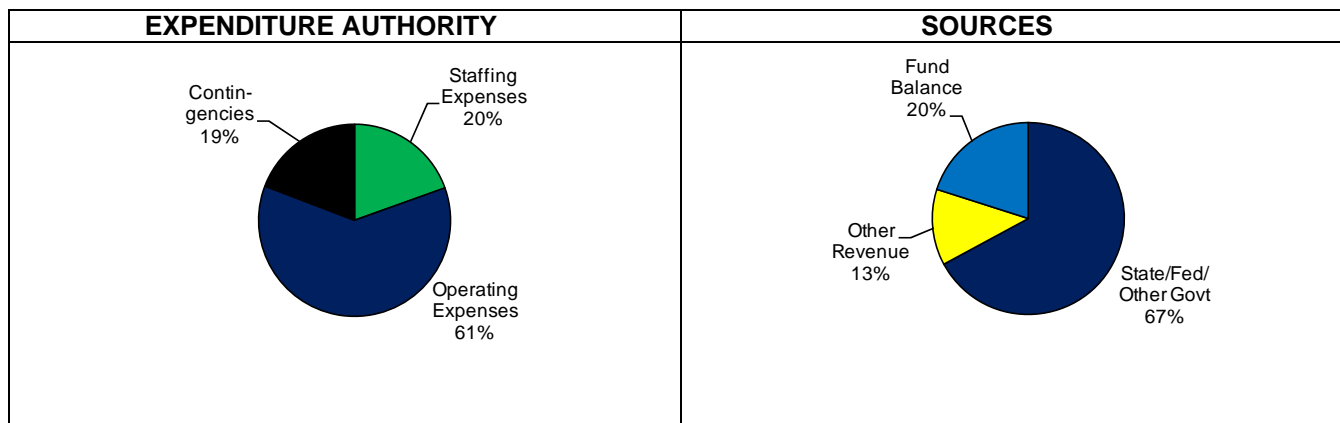

Budget at a Glance

Total Expenditure Authority	\$7,038,900
Total Sources	\$5,625,138
Fund Balance	\$1,413,762
Total Staff	25

In addition to its role in collective bargaining, the IHSS PA is required by WIC to provide the following mandated services:

- Establish a registry of potential care providers.
- Investigate the background and qualifications of potential care providers.
- Refer potential care providers from the registry to IHSS consumers upon request.
- Provide training for both IHSS care providers and consumers.
- Perform other functions related to the delivery of IHSS as designated by the governing board.

Fund Balance					1,410,655	1,413,762	3,107
Budgeted Staffing					26	25	(1)

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1.4 million fund 25 budgeted positions and is decreasing by \$221,688 as a result of eliminating 1 position and reductions to work schedules by all staff.

Operating expenses of \$4.3 million include annual registry and provider health benefits databases licensing and maintenance, provider and staff training, provider background investigations and finger printing, county overhead charges (COWCAP) and payments for provider health benefits. The decrease of \$1.1 million is primarily due to the sunset of American Recovery and Reinvestment Act (ARRA) funding that has been available the past two years for provider health benefits.

Contingencies of \$1.3 million represents the amount of fund balance required to be set aside to guarantee appropriate cash flow due to retroactive reimbursements from federal and state funding sources.

State, federal or government aid of \$4.7 million represents the federal and state mandated share of Public Authority expenditures. For 2011-12, the amount of federal funding will decrease as a result of the loss of ARRA funding.

Other revenue of \$901,312 represents the net county share required to match federal and state funding for this program and is decreasing by \$79,591 due to overall federal and state funding being reduced. The net county share is funded with social services realignment.

INLAND COUNTIES EMERGENCY MEDICAL AGENCY Virginia Hastings

MISSION STATEMENT

To ensure an effective system of quality patient care and coordinated emergency medical response by planning, implementing and evaluating an effective emergency medical services system including fire department and public ambulances, pre-hospital providers and hospitals, including specialty care hospitals, such as trauma and cardiac care hospitals.

ORGANIZATIONAL CHART

2009-10 AND 2010-11 ACCOMPLISHMENTS

- Established two Cardiac Care Centers in 2009-10 bringing the total amount of centers to 6 in San Bernardino County
- Reviewed 100% of 911 cardiac related phone calls
- Implemented Statewide Central Registry and new disciplinary procedures for Emergency Medical Technicians in accordance with new State regulations
- Initiated Emergency Medical Services (EMS) Aircraft contracts for San Bernardino County
- Increased participation in system wide EMS data collection program with all system participants except some fire agencies
- Increased countywide hospital disaster preparedness through the purchase of various items and training

2011-12 GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: ENSURE THAT THE MOST EFFECTIVE EMERGENCY SERVICES ARE DELIVERED TO THE RESIDENTS OF SAN BERNARDINO COUNTY**

Objective: Designate Specialty Care Hospitals to allow paramedics to transport specialty care patients to Specialty Care Hospitals in order to access the services of specialty physicians in a timelier manner.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Actual	2011-12 Target
Increase in number of Cardiac Care Hospitals (CCH) designated in the Inland Counties Emergency Medical Agency (ICEMA) jurisdiction.	4	2	1	0	1
Establishment of Neurovascular Stroke Receiving Centers Designated in the Inland Counties Emergency Medical Agency Jurisdiction.	N/A	N/A	N/A	N/A	4

In 2008-09, ICEMA established implementation of CCH as one of its objectives. During that year, ICEMA designated Loma Linda University Medical Center, San Antonio Community Hospital, St. Mary's Medical Center and Pomona Valley Hospital as CCH. In 2009-10, ICEMA designated St. Bernardine Medical Center and Riverside Community Hospital as CCH increasing the number of hospitals to six. In 2010-11 ICEMA began negotiations with a seventh hospital but was unable to complete the process before the close of the fiscal year. The target is to designate a seventh Cardiac Care Hospital in 2011-12.

In addition, ICEMA is establishing the implementation of Neurovascular Stroke Receiving Centers as one of its objectives. In 2011-12 ICEMA is working to designate a minimum of four hospitals as Neurovascular Stroke Receiving Centers.

GOAL 2: IMPLEMENT AN EMERGENCY MEDICAL SERVICES AUTHORITY QUALITY IMPROVEMENT (QI) PLAN

Objective: Adapt and implement a medically sound and current Quality Improvement Plan within the ICEMA Region.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Actual	2011-12 Target
Number of departments with approved ICEMA QI Plan.	N/A	N/A	N/A	N/A	15
Number of educational programs designed and produced to address system Quality Improvement issues identified through a strong, standardized Quality Improvement program.	N/A	N/A	N/A	N/A	5

For 2010-11, ICEMA adapted and implemented the Emergency Medical Services Authority's (EMSA) new Quality Improvement Plan.

In 2011-12 ICEMA will continue to work with constituents to implement the new plan and identify key audit filters of system review. Additionally, ICEMA intends to initiate online educational program for all EMS personnel. Staff will design and produce a minimum of five courses to be offered in addition to standard continuing education courses to address system Quality Improvement issues identified through a strong, standardized Quality Improvement program.

Inland Counties Emergency Medical Agency

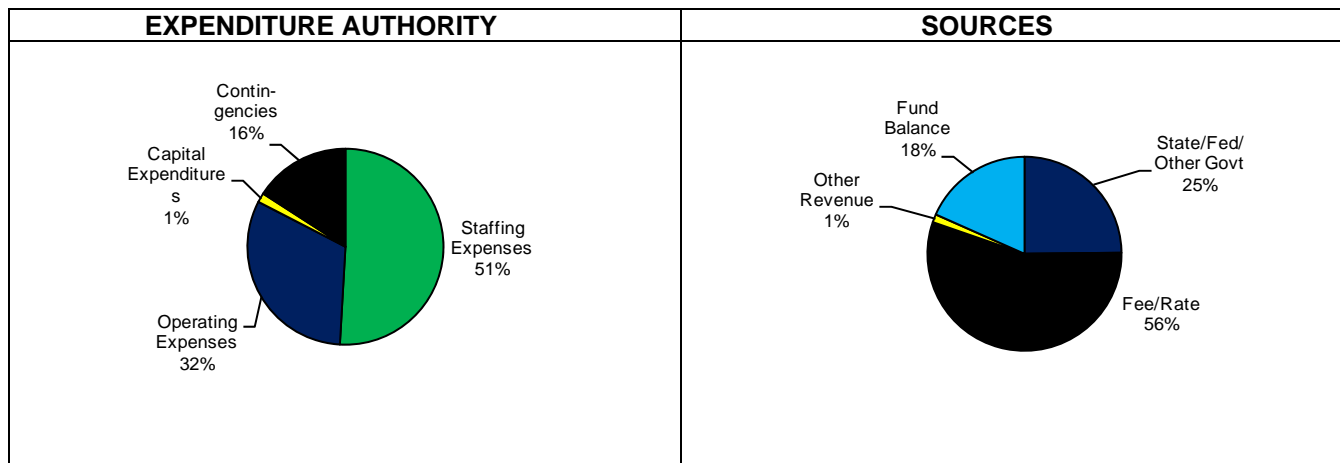

DESCRIPTION OF MAJOR SERVICES

The Inland Counties Emergency Medical Agency (ICEMA) was developed under a Joint Powers Agreement with San Bernardino, Inyo and Mono Counties. ICEMA is responsible for ensuring effective emergency medical services for the three county areas. Specifically, they are charged with the coordination, evaluation and monitoring of emergency medical services within public and private pre-hospital providers, specialty hospitals, paramedic base hospitals, as well as the effectiveness of Emergency Medical Services (EMS) educational programs and medical disaster preparedness in accordance with Health and Safety Code, Division 2.5 and the following eight defined components of EMS: system organization and maintenance, staffing and training, communications, transportation, assessment of hospitals and critical care centers, data collection and evaluation, public information and education and disaster response.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2,071,833 fund 24 budgeted positions. The net decrease of 1 position reflects the addition of a Contract Nurse position and the deletion of a Supervising Office Assistant and a Public Service Employee. The net increase in appropriation of \$252,824 reflects the savings related to vacant positions in 2010-11 and salary adjustments in 2011-12.

Operating expenses of \$1,288,449 includes contracts for professional services and the purchase of a new data system. The increase of \$99,339 is due to purchase orders to pay for projects that were not yet completed in 2010-11.

Capital expenditures of \$63,000 represent Hospital Preparedness Program grant funded equipment.

Contingencies of \$646,087 are decreasing by \$46,180 due to lower than expected revenues in 2010-11.

Departmental revenue of \$3,322,116 represents payments from fees charged for services and federal grant funding. The increase of \$357,213 is the result of an increase in specialty care hospital fees.

2011-12 POSITION SUMMARY

Division	Regular	Limited Term	Total	Filled	Vacant	New	Total
Management/Administrative Support	8	1	9	9	0	0	9
Prehospital and Trauma Program	4	4	8	8	0	0	8
